

## GOOD NEIGHBOR NEXT DOOR (GNND) AGREEMENT TO EXECUTE a SECOND MORTGAGE AND NOTE

Good Neighbor Next Door (GNND) Participants agree to own and live in the property as their sole residence for a period of three (3) years. Participants agree to execute a second mortgage and note for the amount of the discount. No interest or payments are due on this “silent second” provided the GNND participant fulfils the three-year occupancy requirement. Participants are required to certify annually that they are living in the property. Participants may not own any other residential real estate for three years from the date of purchase of the GNND property. Failure to comply with this or any other GNND requirement may result in the balance of the second mortgage becoming immediately due and payable. At the end of the three-year occupancy requirement, if GNND participant has met all other requirements, the second mortgage will be release. Please review the GNND requirements and second mortgage information on HUD’s website for further details.
